

Sparklers

Remember, remember our sparkler safety tips:

Sparklers are often seen as harmless but they do burn at fierce temperatures and can easily cause injuries

Light sparklers one at a time

Supervise children with sparklers and never give them to children under five

Make sure everyone handling sparklers wears gloves

Hold sparklers at arm's length while being lit

Don't wave sparklers about close to other people

Never hold a baby in your arms while you are holding a sparkler

When you have finished with the sparkler put it in a bucket of cold water.
